WHY DO PEOPLE FLEE? Library Journal David Feindouno

WHY DO PEOPLE FLEE? Library Journal *David Feindouno*

It is a reality that the world is divided and an important thing we need to do is to influence people from a position of hate to a position of acceptance. This is realistic when many have unanswered questions and a strong disapproval of people's movement and displacement. Unaware of the motives people cross borders from the first displacement across nation states to the first aliens acts in many countries followed by subsequent immigration acts and legislations to restrain human movement prevailing social cohesion unaware of the root causes of displacement this provokes behaviours leading people to focus on human differences portraying migrants not only as a threat to society but also how troublesome they are as a society gaining knowledge is a step closer to acceptance fostering cohesion with the lack of cohesion we give room to discrimination and racism. Racism a result of historical power dynamics and colonialism has snuck its sinister way across the whole history of the human race the transatlantic slave trade the European empire and the colonial expansion all played a role into deepening racial stereotypes in communities around the world even though those events in question occurred a while back their representation is still being endured nowadays it is without a doubt that the legacy of colonialism has left its stain all over the world from the caste system in India to the persistent persecution experienced by indigenous groups in Australia and Canada. Why do people flee addresses the lack of awareness this book helps eradicate divisions based on people's wrong perceptions and therefore contributes to solving the world's problems emphasising on human's behaviour towards one's movements the author's lived experiences can aid in validating the idea that humans are traditionalist by nature protective of their values norms and attached to their cultures they are capable of discriminating against anyone who

looks different or anyone who is perceived as a threat to their norms their interests and being to oppose and reject what is often perceived as aliens or invaders they might even go further by committing the worst discriminatory and racist acts to show their disdain for other people whom they know nothing about and whom they believe to be invaders and opportunists yet the root causes based on our world history remain unknown this book speaks of history narrates world s realities that have impacted and driven our perceptions of the world we live in
