Democracy's Chief Executive Peter M Shane  
Democracy's Chief Executive *Peter M Shane*

legal scholar peter m shane confronts u s presidential entitlement and offers a more reasonable way of conceptualizing our constitutional presidency in the twenty first century in the eyes of modern day presidentialists the united states constitution s vesting of executive power means today what it meant in 1787 for them what it meant in 1787 was the creation of a largely unilateral presidency and in their view a unilateral presidency still best serves our national interest democracy s chief executive challenges each of these premises while showing how their influence on constitutional interpretation for more than forty years has set the stage for a presidency ripe for authoritarianism democracy s chief executive explains how dogmatic ideas about expansive executive authority can create within the government a psychology of presidential entitlement that threatens american democracy and the rule of law tracing today s aggressive presidentialism to a steady consolidation of white house power aided primarily by right wing lawyers and judges since 1981 peter m shane argues that this is a dangerously authoritarian form of constitutional interpretation that is not even well supported by an originalist perspective offering instead a fresh approach to balancing presidential powers shane develops an interpretative model of adaptive constitutionalism rooted in the values of deliberative democracy democracy s chief executive demonstrates that justifying outcomes explicitly based on core democratic values is more not less constraining for judicial decision making and presents a model that americans across the political spectrum should embrace

Right here, we have countless ebook  
**3031885** and collections to check out.
