with rising costs of higher education and worrying levels of graduate unemployment many people are choosing to balance their professional training with the financial security of employment but what are the options for those looking to gain qualifications without taking on high levels of debt and what grants or funding may be available across the uk this new title published in conjunction with the times looks at the many ways in which learning can be initiated re started or continued while still earning money from the more obvious routes of apprenticeships to part time learning through city guilds or the open university learn while you earn examines the full range of opportunities for those looking to broaden their skill base

whether they are a job seeker in employment or in higher education

written in a clear and down to earth style making full use of checklists summaries and illustrations this highly practical book explains all aspects of nvq qualifications to potential nvq candidates

this text is designed to lead the student through the process of studying writing and achieving at masters level it aims to demystify the process by tackling those issues students find difficult explaining the conventions which must be followed in order to succeed at this level

higher education in the uk has recently been transformed due to the introduction of module style degree programmes this collection of essays and case studies reviews the experiences of both students using the new modules and teachers integrating modular systems into their curricula

education education education has become an obsession for politicians and the public alike it is seen as an economic panacea an engine for growth and prosperity but is there a link between increased spending on higher education and economic growth professor alison wolf takes a critical look at successive governments education policy and challenges many of the tenets of received wisdom there are no economic reasons for spending more on higher education in order to stimulate growth the conclusion of this devastating book is that a large proportion of the billions poured into vocational training and university provision might be better spent on teaching the basics at primary school

vicky white and john harris have drawn together the contributors experiences of working with children in a broad range of settings emphasising ways in which the current context of change can be used as an opportunity to enhance the quality of service provision and achieve better outcomes for children and their families

provides comprehensive coverage of the mandatory and optional units of the nvq 2 specification this book references performance criteria throughout enabling students to see which activities they are covering at any time it is endorsed by city and guilds

all the relevant management techniques and principles are explained in a clear practical style structured around the recently revised national occupational standards for management and leadership and conforming to the requirements of the qualifications and curriculum authority after reading this book students will be well prepared and have everything needed to compile the portfolio of evidence and achieve the qualification everything you need for an nvq in management is also an extremely useful and comprehensive encyclopaedia of management techniques and principles for those not wanting to gain a qualification it is written specifically for supervisors and junior managers middle managers and senior managers working within medium and large organisations who wish to increase their knowledge and understanding of business and further their careers whether or not they are working towards a specific qualification it would also prove useful to those running and working in small businesses and to business studies students in schools and colleges

using statistical data and factual information drawn from a range of sources measures the progress of systems of national vocational qualifications nvqs and general national vocational qualifications gnvqs focuses on quantitative aspects of the new vocational qualifications rather than on their educational merits and their manageability

net costs of training to employers
