blueprints is the number one resource series for teachers and schools that offers complete curriculum coverage excellent photocopiable material and unbeatable value the books have extensive coverage of core and foundation subjects for national curriculum and other uk curricula and are written specifically for the key stage you teach

the giant makes a splash early reading activities is a unique resource for young readers combining a humorous full length story about the giant and his friends with skill building practice activities topics include reading comprehension sight words letters and sounds and more

the giant and the big project early reading activities is a unique resource for young readers combining a humorous full length story about the giant and his friends with skill building practice activities topics include reading comprehension sight words letters and sounds and more

this book provides strategies tools and best practices for incorporating microlearning in english language teaching it aims to help teachers create and deliver microlearning mechanisms that are optimized for mobile learning this book also draws on relevant literature and the author s first hand experience designing microlearning activities for english learners it covers important aspects of microlearning including artificial intelligence virtual reality augmented reality and mixed modalities it is an important starting point for teachers academics and researchers interested in the principles and practice of microlearning in english language teaching english language teachers in formal and informal education environments find this work thought provoking instructive and informative and benefit from exploring the possibilities of microlearning to motivate and

engage learners and maximize the number and quality of their learning experiences

it is very true that teachers frequently face many challenges in their teaching for example dealing with reluctant students lack of teaching ideas limited access to some materials lack of technology supports and so on as consequences teachers have to think hard to overcome these problems as they are responsible to run the learning process additionally the curriculum changes have also contributed to their confusion as they get more burdens in accomplishing more administrative work at schools these problems can be coped by identifying what the students need and adjusted things with the curriculum needs the use of technology in teaching and learning might also be beneficial not only to create more effective innovative interactive and engaging learning environment but also gives teachers an opportunity to be more creative and improve their digital skills this the digital classroom for effective efl learning exploring technology in action book may become one of great sources for teachers who are willing to give more meaningful english learning experience for students the digital tools used are simple easy to use and can be adjusted with the skill s being learned there are 49 activities using some digital apps described in this book which have been employed in the authors own classroom and documented published as some best practices and research

the developing core literacy proficiencies program is an integrated set of english language arts literacy units spanning grades 6 12 that provide student centered instruction on a set of literacy proficiencies at the heart of the common core state standards ccss reading closely for textual details making evidence based claims making evidence based claims about literary technique grades 9 12 researching to deepen understanding building evidence based arguments the program approaches literacy through the development of knowledge literacy skills and academic habits throughout the activities students develop their literacy along these three paths in an integrated engaging and empowering way knowledge the texts and topics students encounter in the program have been carefully selected to expose them to rich and varied ideas and perspectives of cultural significance these texts not only equip students with key ideas for participating knowledgeably in the important discussions of our time but also contain the complexity of expression necessary for developing college and career ready

literacy skills literacy skills the program articulates and targets instruction and assessment on twenty ccss aligned literacy skills ranging from making inferences to reflecting critically students focus on this set of twenty skills throughout the year and program continually applying them in new and more sophisticated ways academic habits the program articulates twelve academic habits for students to develop apply and extend as they progress through the sequence of instruction instructional notes allow teachers to introduce and discuss academic habits such as preparing and completing tasks that are essential to students success in the classroom the program materials include a comprehensive set of instructional sequences teacher notes handouts assessments rubrics and graphic organizers designed to support students with a diversity of educational experiences and needs the integrated assessment system centered around the literacy skills and academic habits allows for the coherent evaluation of student literacy development over the course of the year and vertically across all grade levels

the importance of being able to read for meaning should never be underestimated the ability to decode text is not enough it is vital that children understand what they are reading more importantly it is fundamental that they enjoy what they are reading so that they grow up to become lifelong readers the passages in the brilliant activities for reading comprehension series are designed to do just that they provide children with a variety of engaging enjoyable texts that will grab their attention and indeed their teacher s attention as well the types of comprehension passages range from newspaper articles and dialogues to plays stories and poems they gradually increase in difficulty as you progress though the book and through the series encouraging children to develop their ability to read for meaning and use a range of strategies to engage with the text tasks range from simple factual recall and vocabulary work to more open ended questions enabling the reader to provide a more personal response the cross curricular activities provide a wealth of ideas for extending the passages further and are ideal for fast finishers

a description of the college degree requirements and course offerings for the years covered
