the publication of husserliana xxiii phantasie bildbewusstsein erinnerung in 1980 and john b brough s translation of it in 2005 increased interest in edmund husserl s philosophy of depiction this volume is the first comprehensive book collection in english that provides a systematic reading of husserl s theory of depictive image consciousness the book explains the meaning of various concepts in husserl s philosophy of depiction such as bildobjekt vergegenwärtigung perception and examines the range and limits of the application of husserl s depictive image consciousness to various art practices and media and to other mental acts e g phantasy memory the book discusses among other topics empathy symbolic presentation and the aesthetic experience of depictions additionally the book compares husserl s theory of depiction with that of other philosophers notably franz brentano jean paul sartre maurice merleau ponty roman ingarden leopold blaustein and jean baudrillard husserl on depiction will be of interest to scholars and advanced students working in phenomenology philosophy of perception philosophy of art aesthetics and pictorial representation chapter 3 of this book is freely available as a downloadable open access pdf at taylorfrancis com under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

the marcel grossmann meetings are three yearly forums that meet to discuss recent advances in gravitation general relativity and relativistic field theories emphasizing their mathematical

foundations physical predictions and experimental tests these meetings aim to facilitate the exchange of ideas among scientists to deepen our understanding of space time structures and to review the status of ongoing experiments and observations testing einstein s theory of gravitation either from ground or space based experiments since the first meeting in 1975 in trieste italy which was established by remo ruffini and abdu salam the range of topics presented at these meetings has gradually widened to accommodate issues of major scientific interest and attendance has grown to attract more than 900 participants from over 80 countries this proceedings volume of the eleventh meeting in the series held in berlin in 2006 highlights and records the developments and applications of einstein s theory in diverse areas ranging from fundamental field theories to particle physics astrophysics and cosmology made possible by unprecedented technological developments in experimental and observational techniques from space ground and underground observatories it provides a broad sampling of the current work in the field especially relativistic astrophysics including many reviews by leading figures in the research community

atlanta writer margaret mitchell 1900 1949 wrote gone with the wind 1936 one of the best selling novels of all time the pulitzer prize winning novel was the basis of the 1939 film the first movie to win more than five academy awards margaret mitchell did not publish another novel after gone with the wind supporting the troops during world war ii assisting african american students financially serving in the american red cross selling stamps and bonds and helping others usually anonymously consumed her this book reveals little known facts about this altruistic woman the margaret mitchell encyclopedia documents mitchell s work her life her impact on atlanta the city s memorials to her her residences details of her death information about her family the establishment of the margaret mitchell house against great odds and her relationships with the daughters of the confederacy and the junior league

these further six chapters of jews in an illusion of paradise now focus on individual exemplary figures and clusters of poets dramatists critics journalists art historians jews whose achievements were once celebrated but now are almost all but forgotten not because of changes in aesthetic taste or style but because of social political and other ideological issues the book continues to examine the clash between their conscious and unconscious self presentation as jews in a culture that wilfully or inadvertently misunderstood or rejected this aspect of otherness the men and women represented from the mid nineteenth to the mid twentieth centuries whereas the first volume concentrated on the themes images and rhetorical motifs of this awkward status of jewish intellectuals and artists here the ambiguous personalities and repressed anxieties of the exemplary figures are stressed for millennia jews were considered outside of normal history passive victims of persecution then suddenly with emancipation they fell into history and out of their mythical place in the scheme of things everything seemed to crumble into dust and ashes

even though we instruct our children not to lie the truth is that lying is a fundamental part of children s development socially cognitively emotionally morally lying can sometimes be more compassionate than telling the truth even more ethical reading specific children s books can instruct child readers how to be guided by an etiquette of lying to know when to tell the truth and when to lie equally important these stories can help prevent them from being prey to those liars who are intent on taking advantage of them becoming a critical reader requires that one learn how to lie judiciously as well as to see through others lies when humans first began to speak we began to lie when we began to lie we started telling stories this is the paradox that in order to tell truthful stories we must be good liars novels about child artists showcased here illustrate how the protagonist embraces this paradox accepting the stigma that a writer is a liar who tells the truth emily dickinson s phrase tell it slant best expresses the vision of how writers for children and young adults negotiate the conundrum of both protecting child readers and teaching them to protect

themselves this volume explores the pervasiveness of lying as well as the necessity for lying in our society the origins of lying as connected to language acquisition the realization that storytelling is both lying and truth-telling and the negotiations child artists must process in order to grasp the paradox that to become storytellers they must become expert liars and lie detectors

the seven volume set comprising Incs volumes 7572 7578 constitutes the refereed proceedings of the 12th european conference on computer vision eccv 2012 held in florence italy in october 2012 the 408 revised papers presented were carefully reviewed and selected from 1437 submissions the papers are organized in topical sections on geometry 2d and 3d shape 3d reconstruction visual recognition and classification visual features and image matching visual monitoring action and activities models optimisation learning visual tracking and image registration photometry lighting and colour and image segmentation
