to avoid these pitfalls of unsupported presuppositions and the temptation of accommodating the statements of 1 peter 2 4 10 to pre conceived ideas concerning a priesthood of the church it would seem advisable if not imperative that a study of these verses begin not with a general treatment of such subjects as sacrifice or jewish priesthood or ministry and office in the early church but rather with this text alone comparison with other nt statements would be made only after the particular nuance of this section had

been determined in this process attention would be concentrated primarily upon the context of 1 peter and the specific import of this text and the peculiar rather than the common characteristics would be spotlighted from the introduction the form and content of 1 peter 2 4 10 reveal that this section was an attempt to describe via the motif of election the character and responsibility of the eschatological people of god her bond with jesus christ her infusion with the spirit her holiness and her task of witness through the holy life and the proclamation of the saving deeds of god from summaries and conclusions

electrical engineering is the component of encyclopedia of physical sciences engineering and technology resources in the global encyclopedia of life support systems eolss which is an integrated compendium of twenty one encyclopedias the theme on electrical engineering with contributions from distinguished experts in the field provides the essential aspects and fundamentals of electrical engineering these three volumes are aimed at the following five major target audiences university and college students educators professional practitioners research personnel and policy analysts managers and decision makers ngos and gos
