sketch of life and travels of john m kinlay in the interior of australia recurring references to aboriginal people

using a sociological perspective book book examines how aging is a social construct rather than a specific chronological age or set of conditions key topics covers all facets of aging and how aging is a consequence of various social structural factors rather than a cause

this special issue highlights how social psychology can further the understanding of important social health interpersonal and intergenerational issues facing people as they age this issue has three goals to generate more interest in aging as an area of study for social psychologists by showcasing researchers who are currently integrating basic social psychological research with issues in aging and lifespan development to challenge readers to think about how their research programs can interconnect with issues in aging and to demonstrate how social psychological processes have direct application to many of the issues facing people as they age

this introductory text on social gerontology written from a sociological perspective presents a very broad range of material biological health and psychological viewpoints are considered in order to provide a truly multidisciplinary approach

the social problems of aging

as our aging population grows ever larger it is increasingly important to understand how adults age and what we can do to provide up to date care to ensure their well being as an integral part of society leslie morgan and suzanne kunkel understand that this phenomenon is about much more than just the physical or biological aspects of growing older and have put together a comprehensive text on the impact of society and sociology on the aging process use this text to explore the diversity of the aging population and dispel the major stereotypes surrounding the elderly learn about aging through all the layers of social context from family life to politics and economics and through this approach come to see how aging is more than just an individual process it is a process that effects the direction of our society as a whole for the student sites of interest and key terms defined at the end of each chapter real life stories and essays on love sex music medicine and crime for the professor assignment ready reading in a one chapter a week format questions for discussion and review at each

chapter end applying theory sections place the lesson of each chapter in a clear real world setting instructor s guide now available an instructor s manual for this textbook is available for those professors who have adopted aging society and the life course third edition and can verify a bookstore order of 7 or more copies please email our marketing department at marketing.springerpub.com if you have adopted this text as you will need a password to download the guide please provide the name and telephone number of the bookstore that ordered the textbooks a print version of the instructor s manual is also available

the handbook of sociology of aging is the most comprehensive engaging and up to date treatment of developments within the field over the past 30 years the volume represents an indispensable source of the freshest and highest standard scholarship for scholars policy makers and aging professionals alike the handbook of sociology of aging contains 45 far reaching chapters authored by nearly 80 of the most renowned experts on the most pressing topics related to aging today with its recurring attention to the social forces that shape human aging and the social consequences and policy implications of it the contents will be of interest to everyone who cares about what aging means for individuals families and societies the chapters of the handbook of sociology of aging illustrate the field s extraordinary breadth and depth which has never before been represented in a single volume its contributions address topics that range from foundational matters such as classic and contemporary theories and methods to topics of longstanding and emergent interest such as social diversity and inequalities social relationships social institutions economies and governments social vulnerabilities public health and care arrangements the volume closes with a set of personal essays by senior scholars who share their experiences and hopes for the field and an essay by the editors that provides a roadmap for the decade ahead the handbook of sociology of aging showcases the very best that sociology has to offer the study of human aging

aging the life course social cultural contexts provides an accessible up to date introduction to the study of aging and the life course from a distinctly sociological perspective it explores the sociocultural dimensions of aging while encouraging critical thinking about the diversity of aging experiences societal attitudes toward older adults the politics and economics of growing

old and end of life resources throughout the text deborah lowry emphasizes the relevance of the material for working with older populations understanding social policy and policy debates improving communities relating to others and understanding ourselves organized into four major sections part i introduces students to fundamental demographic sociological and life course concepts part ii explores the experiences and conditions of aging especially in particular groups and part iii presents current research on older adults engagement in work family social networks and sex finally part iv addresses themes of aging and social change

the field of gerontology has often been criticized for being data rich but theory poor the editors of this book address this issue by stressing the importance of theory in gerontology while the previous edition focused on multidisciplinary approaches to aging theory this new edition provides cross disciplinary integrative explanations of aging theory the contributors of this text have reached beyond traditional disciplinary boundaries to partner with researchers in adjacent fields in studying aging and age related phenomena this edition of the handbook consists of 39 chapters written by 67 internationally recognized experts in the field of aging it is organized in seven sections reflecting the major theoretical developments in gerontology over the past 10 years special features comprehensive coverage of aging theory focusing on the biological psychological and social aspects of aging a section dedicated to discussing how aging theory informs public policy a concluding chapter summarizing the major themes of aging and offering predictions about the future of theory development required reading for graduate students and post doctoral fellows this textbook represents the current status of theoretical development in the study of aging

how does the patterning of adults social relationships and thinking change with age why do some older adults negotiate later life transitions more effectively than others the social psychology of aging considers these and other questions in an accessible and comprehensive study of the psychosocial aspects of aging michael pratt and joan norris consider the social psychology of aging in the context of three themes first the process of aging must be considered within a lifespan perspective second there is a great deal of diversity among older people in their adaptation to aging in social contexts third

social interaction and social support have a significant impact upon the way in which adults age the social psychology of aging explores the ways in which older people construct the social worlds they inhabit and how they cope in them using many real life examples the book helps us understand how older adults think about and experience themselves and others relationships and the social problems of everyday living throughout the authors draw on the latest research by social and developmental psychologists and gerontologists and point out implications for policy and practice

author fred c pompel treats age as a component of social inequality which gives rise to the three major themes of the text diversity in the experience of individuals differences in public policy and variations across nations comparison of the united states with other nations is a central component of the book providing a greater understanding of the larger forces that shape old age

mysearchlab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently students and instructors with an internet connection can visit mysearchlab com and receive immediate access to thousands of full articles from the ebSCO contentselect database in addition mysearchlab offers extensive content on the research process itself including tips on how to navigate and maximize time in the campus library a step by step guide on writing a research paper and instructions on how to finish an academic assignment with endnotes and bibliography a critical yet optimistic analysis of the provision of services to the aged this timely book offers comprehensive coverage of all aspects of aging in contemporary life and stresses how much can be learned about the aged through cross cultural comparisons analyzes the social and economic forces that tend to make elderly people appear to be increasingly dependent with age gives a historical perspective of the field of aging to allow a better understanding of present aging conditions provides cross cultural comparisons and data from a variety of different cultures to show that what life is like for the aged is very much subject of the culture of which they are a part for service providers social service planners and both local and state agency on aging directors

in this important new book three leading social theorists of old age present a critical review of key theoretical developments and issues influencing the study of adult ageing the authors explore contemporary trends in social policy drawing on the experience of ageing in the usa europe and an increasingly global environment particular attention is given to feminist perspectives on ageing ethics and bio medicine successful and productive ageing globalization and migration and the politics of ageing consideration is given in each case to the interaction between structural influences on social ageing and the experience of age and identity the work ends with a manifesto for social theory social policy and social change social theory social policy and ageing will be valuable reading for advanced students and practitioners taking courses in social theory the sociology of old age and social gerontology
